ISSUE:

A Resolution approving an Interlocal Cooperation Agreement with South Salt Lake for shared use of a fire equipment storage facility.

SYNOPSIS:

This agreement would allow the West Valley City Fire Department to use a storage bay to store fire equipment.

BACKGROUND:

The purpose of this agreement is for the West Valley City Fire Department and the City of South Salt Lake Fire Department to share the use of a 2,200 square foot fire equipment storage facility located in South Salt Lake, Utah.

The facility has been constructed by the City of South Salt Lake at a cost of approximately \$160,000 at its Fire Station #42 located at approximately 3201 S. 900 W., South Salt Lake, Utah. West Valley City will contribute \$80,000 towards the cost of construction and will have the right to store its fire equipment in its own separate storage bay, consisting of approximately 1,100 square feet, for a term of 50 years. The City of South Salt Lake will be responsible to pay the cost of utilities and other maintenance costs associated with the facility.

RECOMMENDATION:

It is recommended that this the West Valley City Council approve this agreement.

SUBMITTED:

John Evans, Fire Chief
